CONSTITUTION

OF

THE LUZERNE COUNTY AGRICULTURAL SOCIETY.

—o—

The name of the Society shall be "THE LUZERNE COUNTY AGRICULTURAL SOCIETY."

The objects of the Society are to foster and improve Agriculture, Horticulture and the Domestic and Household Arts.

§1. The Society shall consist of such persons as shall signify to the Executive Committee their wish to become members and shall pay to the Treasurer not less than one dollar, and annually thereafter not less than one dollar. The payment of five dollars shall constitute life membership and exempt the members so contributing from all annual payments.

§2. The Officers of the Society shall be a President, sixteen Vice Presidents, (three-fourths of whom shall be practical Agriculturists or Horticulturists,) a Treasurer, a Corresponding Secretary, a Recording Secretary, a Librarian and an Agricultural Chemist and Geologist.

The Executive Committee shall consist of the above named officers and eight additional members.

DUTIES OF THE OFFICERS.

§3. The President shall have a general superintendence of the affairs of the Society. In case of the death, illness or inability of the President to perform the duties of his office, the Executive Committee shall select a Vice President to act in his stead, who shall have the same power and perform the same duties as the President until the next meeting.

VICE PRESIDENTS.

It shall be their duty to take charge of the affairs of the Association in their several districts; to advance all its objects; to call upon farmers to report the condition of Agriculture in their neighborhoods—modes of cultivation adopted by different farmers, and make known, as far as in their power, all such matters as may be interesting to farmers in general.

TREASURER.

The Treasurer shall keep an account of all moneys paid into his hands, and shall pay all bills when audited and approved by the Executive Committee. Each order for payment must be signed by the President or Chairman of the Executive Committee.

CORRESPONDING SECRETARY.

The duty of this officer shall be to invite a correspondence

with persons interested in Agriculture, within the county or elsewhere.

At each stated meeting he shall read his correspondence, or such parts of it as may be selected by the Society, and which shall form a portion of the transactions. He shall correspond with other Societies for the purpose of keeping informed of the result and progress of each other's efforts: also to invite mechanics to forward models or implements for examination and trial.

RECORDING SECRETARY.

The Recording Secretary shall keep the minutes of the Society and of the Executive Committee. At the close of each year he shall prepare for publication such parts of the minutes and transactions of the Society as shall be designated.

LIBRARIAN.

The Librarian shall take charge of all books, pamphlets, &c. belonging to the Society, and shall act as Curator, to preserve seeds, implements, or whatever property of the kind the Society may possess.

The Executive Committee shall transact the business of the Society generally, and shall appoint annually a Recording Secretary and Treasurer, fix their salaries, and require security from the Treasurer. Shall superintend and direct the publication of such of the reports and transactions as they may deem proper, and shall designate the time and place for Exhibitions, regulate the expenditures, examine all accounts, and keep such general charge of the affairs of the Society as may best promote its interests.

They shall select their own Chairman, and meet quarterly, and at any other time when convened by the President. Five members shall form a quorum. They shall call special meetings of the Society when necessary.

§4. The Society shall meet annually on the 2d Thursday of February, at the place designated by the Executive Committee, when all officers of the Society (not otherwise appointed) shall be elected by ballot for the ensuing year, and until another election.

The Society shall also hold a general meeting at the time of the annual Fair or Exhibition, and special meetings whenever convoked by the Executive Committee.

Fifteen members shall form a quorum for the transaction of business—but no member *in arrears* shall be entitled to the privileges of the Society.

§5. This Constitution may be altered or amended at the annual meetings in February, by a vote of two-thirds of the members in attendance.

REGULATIONS

AND

ARRANGEMENTS FOR THE EXHIBITION OF 1861.

Any person can become a member of the Society for one year by the payment of ONE DOLLAR into its Treasury.

All the members of the Society whose dues are paid, and all who shall become members previous to or at the Fair, will be furnished with tickets of admission.

Tickets of admission will be furnished at the office of the Treasurer, in Wyoming, at any time after the 1st of September, and by the Treasurer, at his office on the Exhibition Ground, during the Exhibition. The Cards of Life Members and Annual Members are for the year and not to be given up at the gates.

Admittance cards, price FIFTEEN CENTS, will be for sale at the Office on the grounds, on the 2d, 3d and 4th of October.

Carriages will be allowed to enter the enclosure on the payment of fifteen cents for single horse; pair of horses, twenty-five cents. Every passenger OTHER THAN ANNUAL MEMBERS AND THEIR FAMILIES, to pay fifteen cents. Public conveyances will not be permitted to enter.

TO EXHIBITORS—ENTRIES.

The Book of Entries will be open at the office of the Secretary, at Wyoming, on and after the 5th day of September.

The days of the Fair are Wednesday, Thursday and Friday, 2d, 3d and 4th of October, 1861.

 Exhibitors must become members of the Society and have their articles and animals entered on the Secretary's books on or before Wednesday afternoon, the 2d of October; and all articles and animals (except horses) must be brought within the enclosure as early as Thursday morning, in order that they may be suitably arranged for examination by the Judges.

HORSES.—No horse shall be allowed a premium *unless he is sound*.

A mile track is in perfect condition for the trial of matched and single horses, under the direction of the Superintendent and Judges.

The afternoon of the last day will be devoted to the sale of articles on Exhibition.

Horses will be received on Wednesday morning, but must be entered previously.

☞ Where partners or firms exhibit as such, each member of the firm must become a member of the Society.

Exhibitors, and necessary attendants upon stock and articles, will be furnished with tickets to pass at a *designated gate*. These tickets *will only be good at the one gate*, and while the stock or article is on exhibition.

The Executive Committee do not intend to assure any Exhibitor who neglects these requirements, that his articles can be passed upon by the Judges. While every effort will be made to secure the examination and proper notice of every article on exhibition, justice to those who comply with the rules of the Society, requires that they *shall, in all cases, first receive attention*.

Articles and animals for exhibition can be entered on and after the 15th of September, at the office of the Secretary, until the first day of the exhibition, when an office for entry will be opened upon the ground, where entries can be made only during that day.

All persons who intend to exhibit Horses, Cattle, Sheep or Swine, or who intend to offer Stock for sale, should notify the Secretary of such intention on or before the 20th of September, and leave with him a list and full description of such Stock, in order that proper arrangements may be made for their accommodation.

Applicants for premiums are particularly requested to pay attention to the directions attached to the list of premiums for *fat Cattle, fat Sheep, Butter, Cheese, &c.*, and the statements required from exhibitors of those articles must be lodged with the Secretary before the 2d of October.

Articles or animals removed from the grounds before the close of the exhibition, (except by permission of the President), cannot receive a premium, though awarded.

☞ On Wednesday the grounds will be opened to the public, and continue open for THREE DAYS. Single admission, FIFTEEN CENTS; Members' cards, ONE DOLLAR.

THE ADDRESS.

An Address will be delivered at 2 o'clock P. M., on Thursday, the 3d of October; and immediately after the Address the reports of the Judges will be read, and the Premiums awarded and distributed.

SUPERINTENDENTS.

The *General Superintendent* will have the supervision of the Grounds and of the Police arrangements of the Fair. It is expected that the Class Committees will take the par-

ticular direction of all articles in their respective departments, and see that all such articles are arranged, as near as may be, in numerical order, for easy approach and examination at the time required by the Judges, and will accompany them and point out the animals or articles to be examined.

A room, connected with the General Superintendent's office, upon the grounds, will be prepared, where all attendants and laborers in the employment of the Society must remain when not engaged, so that the Superintendent may avail himself of their services when needed.

The Department Superintendents will meet at the Superintendent's office each day, at 8 o'clock A. M., to perfect arrangements for the day.

PLOWING MATCH.

The Plowing Match will take place on THURSDAY, October 3d, at 9 o'clock A. M., in a field adjacent to the place of Exhibition.

Persons competing in the Matches are required to have their teams hitched and ready to move off at the appointed hour.

COMPETITION WITHOUT THE COUNTY.

The Luzerne County Agricultural Society makes the field of competition co-extensive with the United States, and cordially invites the citizens of other States to compete with us for our prizes.

Animals and articles entered for exhibition will have cards attached, with the number as entered at the Business Office; and it is required that exhibitors, in all cases, shall obtain their cards of number and class, previous to placing their articles on the grounds.

NOTICE TO EXHIBITORS.

The Executive Committee will take every precaution in their power for the safety of stock and articles on exhibition *after their arrival and arrangement on the grounds*; but will not be responsible for any loss or damage that may occur. They desire exhibitors to give personal attention to their articles and animals, and at the close of the Fair to attend to their removal, as the Society cannot take further care of them.

SWEEPSTAKES.

There will be Sweepstakes premiums permitted for each of the leading articles exhibited. Exhibitors will understand that

it is entirely optional with them whether to enter under this head or for the usual premium offered by the Society. No article or animal can be entered under both. To illustrate the idea of the Committee: A., B. and C., each enter a stallion or bull for the Sweepstakes—entry \$5. The successful party takes the whole sweepstakes fee, except ten per cent. to be retained by the Society for postage, custody and other incidentals.

HAY AND STRAW.

Hay and straw will be furnished gratis for all animals entered for premiums, and grain will be provided at cost price for those who desire to purchase.

FORM OF AFFIDAVITS FOR SURVEYOR, APPLICANTS AND ASSISTANTS, FOR WINTER CROPS.

——— *County, ss:*

A. B., being duly [sworn], says that he is a surveyor; that he surveyed with chain and compass the land on which C. D. raised a crop of ——— the past season, and the quantity of land is ——— acres, and no more. A. B., *Surveyor*.

Sworn to before me, this ——— day of ———, 186—.

—— ———, *Justice*.

——— *County, ss:*

C. D., being duly [sworn], says that he raised a crop of ——— the past season, upon the land surveyed by A. B., and that the quantity of grain raised thereon was ——— bushels, measured in a sealed half bushel; and that he was assisted in harvesting and measuring said crop, by E. F., and that the statement annexed, subscribed by this deponent, as to the manner of cultivation, &c., is in all respects true, to the best of his knowledge and belief; and that the sample of the grain exhibited is a fair average sample of the whole crop. C. D.

Sworn to before me, this ——— day of ———, 186—.

—— ———, *Justice*.

——— *County, ss:*

E. F., being duly [sworn], says that he assisted C. D. in harvesting, getting out and measuring his crop of ———, referred to in the affidavit; that the quantity of grain was ——— bushels, as stated in the affidavit of C. D.

Sworn to before me, this ——— day of ———, 186—.

—— ———, *Justice*.

INSTRUCTIONS FOR THE JUDGES.

The Judges are requested to report themselves to the Presi-

dent on their arrival, at the office at the show grounds; they are desired to meet at the Secretary's office on the grounds, on Thursday, the 3d of October, when the vacancies will be filled; at 9 o'clock, at the same place, they will be furnished with the books of entries, when they will proceed to decide upon the merits of the different animals and articles entered for premiums.

The Judges of all animals will have regard to the symmetry, early maturity, size and general qualities characteristic of the breeds which they inspect. They will make due allowance for age, feeding and other circumstances, on the character and condition of the animals.

They will not give encouragement to over-fed animals. They will not award premiums for Bulls, Cows or Heifers which appear to be fattened for the butcher; the object being to have superior animals of this kind for breeding.

No person will be allowed to interfere with the Judges, while in the discharge of their duties; and any person interfering, by letter or otherwise, will be excluded from competition.

No animal or article can take more than *one* premium. All productions placed in competition for premiums *must be* the growth of the *competitors*. When there is but one exhibitor, although he may show several animals in a class or sub-division of a class, only one premium will be awarded to one animal; that to be the first, or otherwise, as the merit of the animal or article may be adjudged. And a premium will not be awarded when the animal or article is not worthy, though there be no competition. In any case the person to whom a pecuniary premium may have been awarded may elect to accept a DIPLOMA instead thereof.

And also ordered, that any person to whom premiums in amount not less than five dollars have been awarded, may elect to receive a Silver Medal, or a certificate of Life Membership.

PAYMENT OF PREMIUMS.

Cash premiums will be paid by the Treasurer immediately after reports of the Judges have been announced.

 The Recording Secretary will forward the Diplomas awarded, in such manner as may be directed by the persons entitled to receive them, free of charge to the exhibitor.

GENERAL DIRECTIONS.

The Society has taken great care in the selection of its Judges, and confidently hope that all who shall be named will attend.

Persons intending to exhibit Blood Stock, must produce authenticated pedigrees, and are earnestly desired to furnish the

Secretary by the 20th of September, with a list of their stock, with the pedigree of each. This will facilitate the preparation of entries, and in case of defective pedigrees, will afford the owner time to correct the same.

The Judges shall in all cases withhold premiums where the animal is not worthy, though there be no competition.

Prize animals at previous exhibitions will be allowed to compete for premiums; but they must receive a higher prize, or in a different class, to entitle them to a premium.

Should any individual enter an animal in any other name than that of a bona fide owner, the person making such entry shall not be allowed a premium, should one be reported by the Judges, and shall be precluded from competing at any future Exhibition of the Society.

Persons entering stock of the age of *three years and under*, shall furnish to the Judges evidences of the time when the animal was dropped, to be delivered to the Judges, and to be filed by them with the secretary; and the ages of the animals above this to be given on making their entries. In the classes of *Short Horns, Devons, Alderney* and other stock, the pedigrees of the animals must be furnished to the Judges.

FAT CATTLE.—The Judges on Fat Cattle will give particular attention to the animals submitted for examination. It is believed that, all other things being equal, those are the best cattle that have the greatest weight in the smallest superficies. The Judges will require all cattle in this class to be weighed, and will take measures to give the superficies of each, and publish the result with their reports, so far as practicable.

Premiums will not be paid on animals or articles removed from the Exhibition without the approval of the President.

THE PRESS.—A room will be provided for Editors and Reporters for the Press, and every facility will be afforded them to obtain information in relation to the Exhibition. FREE TICKETS will be furnished such on application at the Secretary's office.

PREMIUM LIST.

The Judges are desired to pay particular attention to the regulations and requirements in the Premium List and those upon the Judges' Books.

Ordered by the Executive Committee, That any person to whom premiums of not less than five dollars have been awarded, may elect to receive a Silver Medal or a certificate of Life Membership.

CLASS NO. I.—Cattle.

COMMITTEE: Steuben Jenkins, Ira Tripp, William Jacobs.

The Committee in this class will take charge of the arrangement of everything coming properly under the denomination of cattle, and see that they are all properly cared for and that the different Judges of the various kinds of cattle see all the animals on exhibition under the proper name, and also see that every animal has a fair chance before the premium Judges. The Class Committee will not award premiums, but in addition to the above, their duty will be to make report in accordance with the following suggestions or inquiries:

1. What is the character of the Exhibition this year?
2. What as compared with previous years?
3. What as compared with what it might or should be?
4. Which kind has usually made the best display at our Fairs?
5. Which do you think most worthy of raising and encouragement in Luzerne county for general purposes and which for particular purposes, giving those purposes?
6. What are the peculiar characteristics of each of the different kinds of cattle, their history, &c.?
7. Which is the best kind of grass for grazing cattle?
8. What suggestions for practical purposes, in reference to cattle, have the committee to make beyond what are suggested above?
9. How many cattle are there in Luzerne county, and what their value, giving each kind separately as far as possible, with the relative value of each kind?

NO. 1.—SHORT HORN—BULLS.

JUDGES.

William S. Ross,
Daniel Harding,
John Lazarus,

Levi Howell,
Myron Dean,
John Breese.

George Reith,
